PRESENTS

DONNYBROOK-BALINGUP PHOTOGRAPHY ART TRAIL

1 SEPTEMBER - 7 OCTOBER 2018

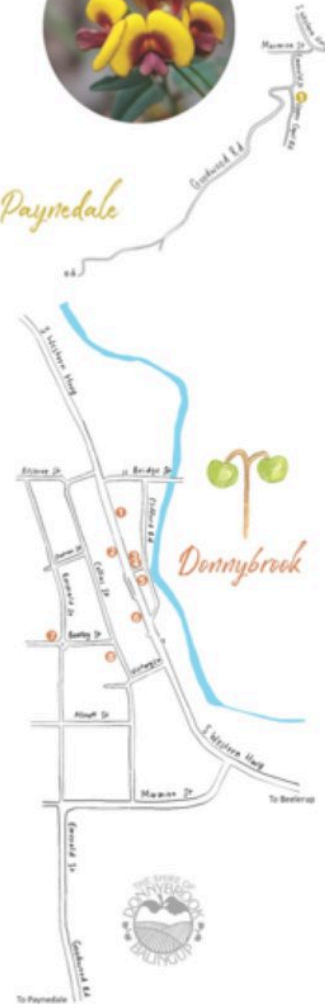

Wildflowers Through a Young Lens

Wildflowers Through A Young Lens is a flora photography art trail throughout the picturesque Shire of Donnybrook – Balingup. The trail celebrates the beginning of spring and the blooming wildflower season in the region. With over 20 venues participating in the exhibition and featuring over 100 images, it is sure to be a visual delight for all.

The collection of photography images on display were created by local children who participated in photography workshops during the 2017 Blooming Wild Flora Foto Fest. This exhibition is of an extremely high standard, with a selection of the images recently being on display at The 2018 Melbourne International Flower and Garden Show.

Paymedale
